

Vision: Healthy, Thriving, Safe Community

Values	Root Cause Priorities/System Change Targets	Goals	Aims
Equity	Services and policies are equitable and benefit the most vulnerable populations	Reduce rate of violent crime in Jackson County	We Are Safe
	Priorities of upper/middle-class policy makers and service providers reflect understanding of community members' immediate needs and barriers	Increase percent of residents with positive perception of safety	
	Providers, organizations and community members acknowledge bias and treat everyone in a respectful, equitable manner	Decrease years of potential life lost	We Are Healthy
	Community members are adequately involved in design and administration of policies and services	Increase % of residents with positive self-reported health status	
	Improved trust between community members and service providers	Increase % of kids demonstrating readiness for kindergarten	
Authentic Engagement	Organizations and providers effectively communicate with community members	Increase % of adults with valuable credential	We Achieve our Full Potential
	Community members have skills/assets and agency to get their needs met	Reduce % of families living in poverty	
	Community members' social networks, relationships and environment meet their needs for social support		
	Community members and providers are knowledgeable about service systems	Increase youth protective factors	We are Resilient
	Community-based services are sufficient to help residents meet their basic needs		
Continuous Learning	Existing services are affordable to community members that need them	Increase availability of affordable housing	Our Basic Needs Are Met
	Service systems are easier to navigate	Reduce rates of food insecurity	
	Organizations, providers and community systems effectively communicate with each other	Increase percent reporting access to quality health care	
	Service providers deliver evidence-based services		

Glossary of terms

- **Systems Change Target:** Describes how the system will change if the network is successful at addressing prioritized root causes
- **Goal:** Identifies population-level outcome measures targeted for change
- **Aims:** States what will be different for Jackson, as a community, if we are successful at our collective goals
- **Community Member:** Those of all ages who live, work and play in Jackson County
- **Service providers:** Anyone delivering services to community members
